

Dear Sales Manager and PSM,

This letter is to inform you that all **AIM-89H** standard parts listed below will undergo a design change to comply with the new Medical Safety Certification 60601-1 Ed. 3.2 and the EU regulation supporting USB Type-C charging. The new AIM-89H model has an identical appearance, with the addition of a USB Type-C port that includes charging capabilities. Additionally, the upgraded AIM-89H with 16GB RAM and 512GB storage will become a standard part during this change. If you encounter any issues, please contact us to make suitable arrangements for your customers.

### Product Change Notification

Models Items	EOL Models	Replacement Models
<b>Impact Part Numbers</b>	<b>Standard Part Numbers</b> AIM-89H-100100 (8G/256G/Win10) AIM-89H-100200 (8G/256G/Win11)	<b>Standard Part Numbers</b> AIM-89H-100110 (8G/256G/Win10) AIM-89H-111110 (16G/512G/Win10) AIM-89H-100210 (8G/256G/Win11) AIM-89H-111210 (16G/512G/Win11)
